PROGRAMME BROCHURE · 2026

EOSH UK Award in Certified Safety Officer

An internationally recognised qualification that equips you with the knowledge, practical skills and confidence to lead workplace safety.

3 Months DURATION	**100% Online** LMS-BASED LEARNING	**15 Modules** STRUCTURED CURRICULUM	**EOSH UK** CERTIFICATION

ABOUT THE PROGRAMME

Become a competent, job-ready Safety Officer

The **EOSH UK Award in Certified Safety Officer** is a comprehensive programme designed to prepare individuals for the role of a Safety Officer. It covers the core areas of occupational health and safety, with a strong focus on compliance, risk management and building a positive safety culture within organisations.

Learners gain a solid foundation in safety protocols, emergency response and regulatory requirements. On successful completion, participants are awarded the **EOSH UK Award in Certified Safety Officer**, validating their competence in maintaining a safe and compliant workplace.
